

DRY BONES by Caroline Cobb, Key: A (G capo 2) Tempo: 108

Verse 1:

Dry bones
Hearts of stone
Slain and left
In the valley of death

Been dead so long
All the flesh is gone
A mass grave
No one can raise

But you said "live"
And the ground it gives
The bones start to rattle
And the darkness lifts

CHORUS:

D **C#**
But you give them blood and bone
 A **G#** **F#m**
Hearts of stone to flesh

D **C#**
And you give them muscle, skin
 A **G#** **F#m A F#m**
And life within the breath

Open graves
Bodies raised
The living breath
Reversing death
